

Wega Pegaso

The Wega Pegaso is a fully automatic 2 or 3 group standard height espresso machine. Manufactured in Italy, and designed for professional use. This traditional espresso machine has two programmable group heads. Each Group head has 4 programmable dose controls plus manual override. Capable of producing four coffees at a time. The 2 Group Pegaso has a total power of 3.4Kw with a 10.5 Ltr Copper Boiler. The 3 Group is 5Kw with a 16 Ltr Boiler. Both have 2-off Steam arms, Hot Water and a large cup warming area. The Wega Pegaso is a good workhorse, very reliable and sturdy with a stainless steel chassis, expertly blended with platinum coloured panels. The Pegaso has everything you need; great specifications, great looks, and superb prices... an ideal machine for any new start up business or indeed an upgrade.
